

Halloween Event Criteria

The spookiest time of year is here! To celebrate, Studio Brunel is running a virtual showcase! We're looking for original work that you'd like to share with our community. This can range from short films, monologues, poetry, compositions, animations – whatever you can think of! This will be livestreamed on our YouTube channel on **29th October 2020**.

Requirements

- Video submissions
- **Deadline: 22nd October 2020**
- 3-4 minutes in length
- Landscape video
- Minimum video resolution: 720p
- No webcams
- No nudity
- No obscene images

If you have something which you would like to submit, but don't want to perform it yourself, you're welcome to outsource the material to another student.

In the spirit of Halloween, we'd love for you all to be scary, but please remember to be kind! If there are any content warnings that we should be aware of, please include those in your email alongside your submission.

Similarly, dressing up is highly encouraged! (but not required)

We just ask that if you do, please make sure your costumes don't have any forms of inappropriate language (specifically hate speech) and no cultural appropriation.

Please email your videos and a **signed copy** of the **submitted work contract** to stubru.share@gmail.com

We're dying to see what you come up with! Good luck!
